## DISOWNED INC.

I can feel you far away  
Your hesitation marching mine  
Sadness left me far away  
Your contemplation turned to wine  
An old man stares at me  
In mutual bizarre reverie

Laugh at thy neighbor, pretend you  
are sane  
Just the same, you survived in vain  
Laugh at thy neighbor, pretend you  
are sane  
Just the same, you survived in vain

Time is the father of existence  
Rhyme, the brother of resistance  
Broken down by men in their crazy  
minds~  
Void is the mother of unknown  
distance  
Will, the sister of persistence  
Stripping under the elusive sky~

The potion of devotion  
Euphoric scriptures of the ocean

Laugh at thy neighbor, pretend you  
are sane  
just the same, you survived in vain

Time is die father of existence  
Rhyme, the brother of resistance

Broken down by men in their crazy  
minds~  
Void is the mother of unknown  
distance  
Will, thc sister of persistence  
Stripping under the elusive sky~

I felt so alone  
Till you came into my life and stopped  
the pain  
I felt, so alone  
Then you came imo my life and  
poured the rain  
I feel, so alone  
Dressed in the dark silk clothing of  
your own disdain  
I feel so disowned  
Since your children took up arms in  
your own name

God's name's different in every  
language  
God's name's different in every  
language  
Imposed illusion composed dissolution

God 's name's different in every  
language  
Imposed illusion composed dissolution  
God's name's different in every  
language

## BORDERS ARE...

Never let you go...

Borders are, the gallows,  
Of our collective national egos,  
Subjective, lines in sand,  
In the water separating everything,

Fear is the cause of separation,  
Backed with illicit conversations,  
Procured by constant condemnations,  
National blood-painted persuasions,

Here's my song, for the free,  
No, it's not about brazen publicity,  
Corprotocracy, what a hypocrisy,  
Aristocracy versus democracy,

Fear is the cause of separation,  
Backed with illicit conversations,  
Procured by constant condemnations,  
National blood-painted persuasions,

The king is dead and now we're  
dancing in the streets,  
As the waters rise we're merely  
covering our feet,

I'll never let you go...never let you  
go...

I'll never let you go...never let you  
go...

Fear is the cause of separation,  
Backed with illicit conversations,  
Procured by constant condemnations,  
National blood-painted persuasions  
Fear is the cause of separation,  
Backed with illicit conversations,  
Procured by constant condemnations,  
National blood-painted persuasions.

The king is dead and now we're  
dancing in the streets,  
As the waters rise we're merely  
covering our feet,  
Your gods are dead and now we're  
dancing in the streets,  
As the waters rise we're merely  
covering in defeat,

I'll never let you go...never let you  
go...

I'll never let you go...never let you  
go...

## DESERVING?

I don't deserve you, why can't you see  
I will desert you, why don't you leave  
But you put your faith in me one last  
time

You, you put your faith in love all the  
time

I don't deserve you, why can't you see  
I will desert you, why don't you leave  
But you put your faith in me one last  
time

You, you put your faith in love all  
the time

I believe that you, you and me, you  
and me

We, we've achieved a love that we, we  
can see

I don't deserve you, why can't you see  
I will desert you, why don't you leave  
But you put your faith in me one last  
time

You, you put your faith in love all the  
time

I believe that you, you and me, you  
and me

We, we've achieved a love that we, we  
can see

For, I believe that you, you and me,  
you and me

We, we've achieved a love that we, we  
can see

So go find your path, take me with you

I will make sure no one hurts you

I need your ways, we deserve it

We'll depend on our love here we

Go find your path, take me with you

I will make sure no one hurts you

I need your ways, we deserve it

We'll depend on our love here we

GO!!!!

Here we go

You know, you know

For, I believe that you and me

We've achieved a love we can see

My Love

## BEATUS

Yesterday when you opened your eyes  
In the morning, and you rushed my  
soul

Memories connect them all to her  
Have I lost you again, possibly amidst  
forever  
The strong winds have shaken me  
inside

When you touch me, I feel it  
When you touch me, I feel you

You've become my addiction  
My mental preoccupied obsession  
To hear your voice I extend toward  
the sun

Eating makes me think of you  
This city has become your face  
Strangling myself in my silence

When you touch me, I feel it  
When you touch me, (I feel you)  
When you touch me, I feel it  
When you touch me, (I feel you)

I feel it ... I feel it ... I feel it ... I feel it  
...

Have I lost you again, with the  
possibility of forever  
The strong winds have shaken me  
inside

The sun barely giving of herself  
I'm strangled in my aloneness,  
lockness

Lock this before it's gone  
Winds have shaken me inside  
The sun barely giving of herself  
I'm strangled in my aloneness,  
lockness  
Lock this before it's gone

The collaboration and association  
Hear the story of another woman in  
time

Giving permission for buying a gift  
For the bearer of the selfish ...  
(When you touch me)

Yesterday when you opened your eyes  
In the morning, and you rushed my  
soul

Memories connect them all to her  
Eating makes me think of you  
This city has become your face  
Strangling myself in my silence

When you touch me, I feel it  
When you touch me, (I feel you)  
When you touch me, I feel it  
When you touch me, (I feel you)  
I feel it... when you touch me...

## RECONSTRUCTIVE DEMONSTRATIONS

They say women cry when walls retire  
They say that men die when laws  
retire, when laws retire

Unconventional deconstructive  
conversations

(Teach us how to eat)

I, will never let you go

Conversational reconstructive  
demonstrations

(Teach us how to speak)

Why, confess the final blow

Teach us how to eat from your broken  
hands

'Cause nothing seems to grow

Teach us how to speak, the language  
of your only dreams

No one seems to understand that  
We are falling to our knees

I forgot to pray; you forgot to say  
please

(Kill me), I, never let you go

I forgot to go; you forgot to know me

(Teach us how to speak), why confess  
the

final blow

Teach us how to eat from your broken  
hands

'Cause nothing seems to grow

Teach us how to speak, the language  
of your

only dreams

No one seems to understand that

We are falling to our knees

Blindness serves not God nor man

So we are falling into disease

I'm falling into disease

I'm falling . . . we're falling . . .

Into . . . into disease . . . disease,  
disease . . .

We've fallen

No one seems to understand that

We are falling to our knees

Blindness serves not God nor man

So we are falling into disease

Disease

## ELECTRON

We follow the ever-falling rain  
Electrons Protons fight again  
So, we run  
We follow the ever-rising sun  
With feelings of all becoming one  
Then, we fly  
We fly in our dreams ever so bold  
Swimming the seas covered with gold  
Behold, proceed  
Proceed with the blessing of all the  
gods  
Amidst the time of men at odds  
See, believe!

Tell me, what it is that we believe  
The storm shines bright  
Tell me, what it is that we believe  
The storm shines bright  
Storm shines bright

Grapevines of thoughts lining the skies  
Overwhelmingly of demise  
So, we sing

We sing to the spirit world so close  
Providing our vital life force  
Then, we breathe  
We breathe with the breath of I-Ching  
With the spirit that moves through all  
things  
Now, we see  
Seeing of all that is alive  
Will be the way to survive  
Life, released

Tell me, what it is that we believe  
The storm shines bright  
Tell me, what it is that we believe  
The storm shines bright  
Tell me, what it is that we believe  
The storm shines bright  
Tell me, what it is that we believe  
The storm shines bright  
Storm shines bright, Storm shines  
bright  
So bright

## GATE 21

The love that you bring  
You bring me along,  
The pain that you give,  
It gives me a home,  
Do you want to stay by my side  
Or do you want me to turn and hide  
We are disappearing inside  
Seeing pictures of our, goodbyes.

When we, we believe,  
That our love will survive,  
The pain that you bring,  
It brings me all alone,  
Do you love me, do you hate me,  
Do you want to believe me,  
Do you think that you don't need me  
Do you want to deceive me  
I can't think that it's all over  
Don't want to forget  
I can't live this disappointment down

I want to repress your

Goodbye, Goodbye  
The design, we broke the mold  
The dreams when you see  
That goodbyes aren't for long,

Please follow me,  
To the borders of destiny,  
I don't want to break from your side,  
The falling ground screams goodbye,  
Please follow me,  
To the borders of destiny,  
I don't want to break from your side,  
The falling ground screams goodbye,

Goodbye, Goodbye  
The design, we broke the mold  
The dreams when you see  
That goodbyes aren't for long.

## PEACE BE REVANGED

Where are we to go  
How can we survive  
When the falling rain seems to cease  
We will all have to go

Where are we to go  
How can we survive  
When the falling rain seems to cease  
We will all go, we'll all go

We have built our lives  
Without nature in mind  
Slowly we've become the disease  
But we won't go

Those that survive  
Connect with all alive  
Peace will be returned  
We need to praise you  
Peace will first be revenged

Once we used to hear  
The light footsteps of dear  
Now we have no fear  
And in turn we'll disappear  
We have built our lives  
Without nature in mind  
Slowly we've become the disease  
But we won't go

Those that survive  
Connect with all alive

Peace will be returned  
We need to praise you  
Peace will first be revenged

Revenged, revenged

When the rain washes all the  
mitochondria  
Try to steer your intentions into love  
When your fears mixed with rain wash  
your ocean's fear  
I won't be here then, you won't be  
here when

When the rain washes all the  
mitochondria  
Try to steer your intentions into love  
When your tears mixed with rain wash  
your ocean's fear  
I won't be here then, you won't be  
here then

Just watch the rain, just watch the rain  
Rain, watch the rain...

Where do we go  
How do we meet you?

## LEFT OF CENTER

Are we a fantasy,  
Swimming in theocracy,  
We are, far from holy,  
The wholeness of one,  
Repeat after me,  
We lost the key of sight,  
Now blind, we fear in flight,  
We are, far from love but silence is  
golden  
Please observe

Fighting your empire,  
Defending your vampires,  
Far away, we're going too far,  
We're bombing your ignorance,  
Defeating your insolence,  
Far away, we're going too far,  
We're going too far,

If today I die,  
And cannot deny,  
The life that I lived for what I say  
Now befit myself in time,  
No time, to die or kill (live),  
No structures of a pyramid,  
Nor trained horses to arise

Surmise my position,  
My words define,

Fighting your empire,  
Defending your vampires,  
Far away, we're going too far,  
We're bombing your ignorance,  
Defeating your insolence,  
Far away, we're going too far,  
We're going too far,

We go forward,  
We go backward,  
Living, dying, we're dying, we're living,  
We're living, we're dying,  
We're crying, we're seeing,  
We're living, breathing,  
Dying, seeing...

Fighting your empires,  
Defending your vampires,  
Far away, we're going too far,  
We're bombing your ignorance,  
Defeating your insolence,  
Far away, we're going too far,  
We're going too far.

## WINGS OF SUMMER

Well, I, I, want to fly, fly  
On the wings, wings of summer  
But you, you put your eyes  
You put your eyes on mine

Go, perfect your fall  
And no matter what  
Smile for them all  
For today, we see never  
Tomorrow's menu reads forever

I, I want to fly  
On the wings, of summer  
But you, put your eyes, on mine  
I, I want to fly  
On the wings, of summer  
But you, you put your eyes, on mine

Don't confess to the crime  
Till you lavish in your concubine  
When you think you got clever  
They'll wheel you in and pull the lever

Now I, I want to fly  
On the wings of summer  
But you put your eyes on mine  
Now, I, I`m going to fry  
'Cause I ran over the guy with a  
Hummer  
But you, put your eyes, eyes on the  
divine  
Now I, I, want to fly, fly on the wings  
of summer  
But you, you put your eyes, you put  
your eyes on mine

When you think that it's all over  
They'll clip your wings and make you  
roll over  
Go perfect your great fall  
No matter what smile for them all  
For today we see never  
Tomorrow's menu reads forever  
For today, we see never  
Tomorrow's menu reads...
